

# Camouflage, The Pleasure Remains

We had it all  
But nothing to lose  
Our worlds collide  
Just whenever we want them to  
Now we are here  
And try not to move  
So the pleasure remains for a while

All these words  
But nothing to tell  
You said it all with a flick of your eyebrow  
Now we are here  
With nothing to do  
But spend our time worth while

I've been waiting a long time for you  
I've been waiting a long time now...

Everything you need  
Everything you'll do  
I see in your open eyes  
Everything I need  
Everything I'll do  
Is trying to move along with you

I've got it all  
But nothing to lose  
Sharing my love with the one that I wanted  
Now we are here  
And try not to move  
So the pleasure remains for a while  
The pleasure remains with you...
