

Camp Rock, Our Time Is Here

We're done but it's not over
We'll start it again
Out to the end of the day
It keeps getting better
Don't be afraid
we'll do it together
Come on
come on
You know
It's your time to move
It's my time move
Come on
Come on
Let go
Leave it all behind
Your past and mind
Gone are the days of summer
We couldn't change it if we tried
Why would we want to
Let's go where we got to
Our paths will cross again in time
It's never the same tomorrow
And tomorrow's never clear
So come on
come on
You know
Our time
Our time is here
We know but we're not certain
How can we be
How can we see what's ahead
The road keeps on turning
And all we can do is travel each day to the next
Come on
come on
You know
It's your time to move
It's my time move
Come on
Come on
Let go
Leave it all behind
Your past and mind
Gone are the days of Summer
We couldn't change it if we tried
Why would we want to
Let's go where we got to
Our paths will cross again in time
It's never the same tomorrow
And tomorrow's never clear
So come on
come on
You know
Our time
Our time is here
Yeah! Yeah!
Come on
Come on
Come on
Our time is here
Gone are the days of summer
We couldn't change it if we tried
So come on
Come on

Come on
Come on
Come on
Come on
So come on
come on
You know
Our time
Our time is here
