Camp Rock, What It Takes

Who's got

What it takes to be

My guy

What it takes to make

Me shine

What it takes to get

Me fired up Who's got

What it takes to be

My beau

What it takes to make

Me glow

What it takes to make

This beat flow

Everyone talks about what they think they need

They make up a list of things: 1, 2, 3...

Everyone is different but where we can agree

Is every girl wants her boy to treat her sweet Don't think that being mean will get you anywhere

Don't think that acting cool will make me want to care

I just need your respect, if you're gonna be the one And if you must apply then try to get the job done

Who's got

What it takes to be

My quy

What it takes to make

Me shine

What it takes to get

Me fired up

Who's got

What it takes to be

My beau

What it takes to make

Me glow

What it takes to make

This beat flow

Talk can be so cheap

So I just look for action

Be good to me

If you want my attraction

Maybe I just want too much

But I don't really care

I know I'm worth it

And I know he's out there

Wait. wait

You might be a contender

Hey, hey,

Can I borrow your sweatshirt

Normally I'm not the one

To say hello first

But if I didn't I might miss out

And that might hurt

Who's got

What it takes to be

My guy

What it takes to make

Me shine

What it takes to get

Me fired up

Who's got

What it takes to be

My beau

What it takes to make

Me glow

What it takes to make This beat flow I've been contemplating What it takes To make me give my heart Could you be the one, standing In the crowd I'm waiting to find out I'm waiting, waiting, waiting, oh Who's got What it takes to be My quy What it takes to make Me shine What it takes to get Me fired up Who's got What it takes to be My beau What it takes to make Me glow What it takes to make This beat flow Who's got What it takes to be My guy What it takes to make Me shine What it takes to get Me fired up Who's got What it takes to be My beau What it takes to make Me glow What it takes to make

This beat flow
