

# Canaan, The Meaning Of Solitude

Punish my black heart for I have sinned.  
Nail my black heart for I have sinned  
Leave me alone in  
This evening of despair  
When nothing has the same meaning again  
And this core of self-deception  
Fills the pits of solitude.

Punish my black heart  
For I'll sin again  
With the same, old illusions  
As my monodimensional guiding light.

And when everything will regain perspective,  
I will finally find a meaning  
to this deep grey solitude of mine.

Punish my black heart  
Nail my black heart  
Melt me.
