

Candace Charee and Josh Leon, Never Erase

Let's Get This Over With What's On Your Mind
Sorry But I Gotta Leave You Behind
I always knew This Day Would Come
I Was Never Good Enough For Your Love
What Am I Gonna Do
When I Am Not With You
Fallin Faster Towards Disaster
Bound To This Love We Cant Escape
We Can't Go On Living This Way
We Both Know There Is No Escape
From This Love That Were Hiding Deep inside
Lets Break Away Go Run And Hide
Cuz I need You And I want You
And Im With you And I Feel You
And I Breathe You And I Touch You
And Kiss You And I Love You
What Am I Gonna Do
When I Am Not With You
Who's Gonna Keep Me Safe
Time Will Heal
But Never Erase
This Is The Point Where I Let Go
Please Dont Go
This is point where you Let Go
I Dont Wanna Let Go
I Have To Leave You Hear Alone
All Alone
This Is The Point Where We Let Go
Please Dont Please Dont
Just Let Go
What Am I Gonna Do
When I Am Not With You
Who's Gonna Keep Me Safe
Time Will Heal
But Never Erase
