

Candlemass, Solitude (With Rob Lowe)

[Bonus Track]

I'm sitting here alone in darkness
Waiting to be free,
Lonely and forlorn I'm crying
I long for my time to come
Death means just life
Please let me die in solitude
Hate is my only friend
Pain is my father
Torment is delight to me
Death is my sanctuary
I seek it with pleasure
Please let me die in solitude
Receive my sacrifice
My lifeblood is exhausted
No one gave love and understanding
Hear these words
Vilifiers and pretenders
And please let me die in solitude
Earth to earth
Ashes to ashes
Dust to dust
