

# Candlemass, Solitude (With Rob Lowe)

[Bonus Track]

I'm sitting here alone in darkness  
Waiting to be free,  
Lonely and forlorn I'm crying  
I long for my time to come  
Death means just life  
Please let me die in solitude  
Hate is my only friend  
Pain is my father  
Torment is delight to me  
Death is my sanctuary  
I seek it with pleasure  
Please let me die in solitude  
Receive my sacrifice  
My lifeblood is exhausted  
No one gave love and understanding  
Hear these words  
Vilifiers and pretenders  
And please let me die in solitude  
Earth to earth  
Ashes to ashes  
Dust to dust
