

Candy Girl & DJ Adamus, Do it just 4U

Everything i do
And all I have for you
Cause, everything i do
And all I have for you

I miss your arms
There is nothing compare
Feeling of your heart
Must it hearing again
I take you away form here
Just say: Never look me go, for now
I show you different world
The world will be the dreaming world tipping from my heart

Everything I do is just for you
And all I have belongs to you, too
Cause, Everything I do is just for you
I all I have belongs to you, too

And everyday I am looking for your chest
Follow step by step
Can?t wait to see you again
I take you away form here
Just say: Never look me go, for now
I show you different world
The world will be the dreaming world tipping from my heart

Everything I do is just for you
And all I have belongs to you, too
Cause, Everything I do is just for you
I all I have belongs to you, too

I all I have belongs to you, too /3x
My heart forever!
