And, you can be my boo boo you
And, I've been tryna letchu chill
But baby it's a must I do
Put a rush on you.
Cus I'll never know when I'll,
Ever get the chance again
I, don't think you understand
How forreal I am
So come on let me show you.

Baby I will be your angel
I'll be the guardian girl for you
Baby I'ma protect your heart
You ain't gotta put up your guard
Just gimme a chance baby, baby
I'll be down for you, ooh.

Ooh, whatchu say darlin' ?

Especially when I got on them baby phat jeans
But now I really wanna be more than just a homie

Boy don't be scared cus

And you will never wonder whas the reason you chose me.
