

Candye Kane, I'm The Toughest Girl Alive

I'm the toughest girl alive
I walked through the fire and I survived
I've been beat up, burned up, pushed around
but they just can't keep me down.

I'm the baddest girl in town
Don't mess with sister or you'll go down
I've been put down, kicked out, messed around
but they just can't keep me down.

I used to be a sweetie
and I barely stayed alive.
People call me volatile
but I'm fighting to survive.

I'm the strongest girl you see
Don't push my buttons or you'll agree
I can leave a path of misery
I'm the strongest girl you see.

I used to be an angel
and it nearly got me killed
people try to keep me down
but you know, they never will.

I'm the baddest girl you know.
Just dial trouble, I'll say "hello";
I've been stomped on, laughed at, broken down
but they just can't keep me down.
I'm the toughest girl in town
Don't even mess with me
I'm the meanest girl you see.

I'm the toughest girl alive.
