

Candye Kane, Let's Commit Adultery

I like the way you glide it across the floor.
Honey, I'd like to see you glide it some more.
That healthy body sends my head in a spin.
Come close and let me feel the shape you're in.
My ring is off and so tonite I'm free
baby, Let's Commit Adultery.

On the table, Let's Do it
In the garden, go to it,
in the backseat, I'm a'waiting
right here on the floor, no hesitating
spend your confession time with me,
honey, lets commit adultery.

I know it might be a Cardinal sin
once we get started, it could happen again.
I might pay dearly at the pearly gates
or you could pay now, if you make me wait,
I'm not saying it will be guilt free
but baby, lets commit adultery.

When were done , we'll say the Rosary,
Baby, lets commit adultery.
You're the only penance that I need,
Baby, lets commit adultery.
