## Canibus, 2000 B.C. (Elixer & Emphasys Remix)

(Verse 1: Canibus) Yo! My offense is a mixture of Mike and Muhammad Knock a nigga unconscious and talk shit In bare-knuckle boxin', speed is the object Weavin' and dodgin' with defensive blockin' So in the ring, you cannot win The top ten become nine dead if I ever decide to hop in With the one-two, one-two shot to the chin knock you out like ten shots of vodka and gin The beautiful blend of power and strength From the top of my head, down to where my toe cuticles end I verbally burn a nigga Lyrically hurt a nigga Pull a voodoo verse on a nigga Kennedy curse a nigga Who can spit the words guicker than the average man? Who can embarrass a man? Bite you with fangs and mangle ya hands On candid cam, the Canibus can The Canibus can with the stamina to damage a man

(Chorus: Canibus) + (Killah Priest) It's been a long time, I shouldn't have left you (should have never left you) Without a strong rhyme to step to I told y'all (C'mon!!) I roast y'all (C'mon!!) So come on (Hold on) Hold on!! It's been a long time, I shouldn't have left you (should have never left you) Without a strong rhyme to step to I told y'all (C'mon!!) I roast y'all (C'mon!!) So come on (Hold on) Hold on!!

(Verse 2: Killah Priest)

Thieves in the temple, a priest murdered at the doorstep He heard the hounds of horses, surround his fortress Look down, the whole town with torches Blood on the door knock where our lord slept Night before the see-er saw it, so they slept nautious Broken windows with canisters, hidden cameras Masked man at the top of the bannister Shattered glass everywhere, someone pushed his man down the stairs A knife in the back with a note attached, read 'Beware' Looked up, saw a blowin curtain, a open window and heard the whistle of the soft air, someone screamin 'warfare' So Solomon takes cover, a servant yells out 'the bitch is cursed don't touch her', but he trusts her, he also loves her Cause her to hold the sharing, his bright morning star His lil' way out the valley, a spy cut her throat inside a dark alley Someone knocked his daughter off a balcony, bloodshed in Galilea The cowardly flee to the hills of Cabrera Thieves of a hundred gates, the queen of cities No one shows pity, flyin spirits, floatin demons, fallen saints Soldiers walkin by their ranks, service of the East gate, scared to drink What would our leaders think? Every man lookin at each other, scared to blink The seed inside the sanctuary, scary Portraits of Saint Mary, with Mona Lisa The Queen of Cheeba, strokin a cheetah Other mid-wives sayin 'I don't like the way he treats her' Pass the reefer, bass cheeba, Solomon judge wisely Wisdom spoken of highly, hair knotty, ask God 'Why me?'

(Chorus: Canibus)

(Verse 3: Ras Kass) I'm live evil, I know live people Anxious to bang ya wit heavy metal like Magneto Now who really on some gangsta shit? Not every nigga with a stomach tattoo, bandana and a click homey You ain't dope just cuz ya sniff it, I lace ya blunt with it That just makes ya a wack rapper and a drug addict, get it These niggaz rhyme like they AK spray shit Sell a ki of yay shit, gotta ride, homicide, every single day shit Get smacked in the streets by some real nigga who don't play shit Hit the pavement screaming it's just entertainment And that ain't it, life sucks like pedagation My obligation, expose all ya funny bunnies Rappers actin slash fudge packin for the money Cuz next week if the new fad was hip hop fags You'll find a lot of these thug niggaz in drag

(Verse 4: Kurupt) I'm ghetto symatic, automatic static Catatonic, supersonic, ebonic chronic addict Astronomical when the thunder dome sinner In the depths of the dungeon Dangerous, disasterly Catastrophes, metamorphis into a pit To run and die, cracking the bricks on the walls Camoflauge on the side of the lodge Bout to put something up in the garage Its time for World War 3 mufucka! You know me Young Gotti mufucka! I holds the microphone like a grudge In a 'llac laid back so back the fuck up Dis might give you a heart attack It's real simple can't get more simple than that (than that, than that)

(Chorus)
