Canibus, Channel Zero

[Canibus]

Approximately fifty years ago

under the direction of President Harry Truman

and in the interest of national security

A group of twelve top military scientific personnel were established

This group's primary objective

was to desensitize us to the truth

And to suppress the material evidence that our planet is being visited

by a group of extraterrestrial biological entities called the grays

Yo, sometimes the road to the truth is, so elusive it's confusin

And reality becomes illusion

If I showed the masses where we was at or where we was goin

I'd shatter the social balance of the world as we know it

I'm talkin bout the grand deception, of 1947

When our souls were sold to the heavens

for technologically advanced weapons

Crystal enhanced, brain implants, and mind control methods

MJ-12 is not majestic

And the focal point of our problems on this planet are not domestic

You can accept it or be stupid and be a skeptic

and fail to recognize the secret society's deathwish

Ninety-seven percent of our Presidents were Masons

Responsible for launderin trillions of dollars from the nation

for the construction of underground military installations

Abductions and cattle mutilations

Experiments on human patients

can take place in several subterranean bases

A hundred and fifty stories below a basement

With knowledge of genetic information, you need to fear science not Satan

Cause through the manipulation of certain biological agents

they create strange creations

Top secret special operations

Low frequency sounds and lasers, people like Carl Sagan

that didn't believe in the Drake equation

were tryin to keep Western civilization on the need-to-know basis

Well you need to know that this is a game

and we're bein betrayed and played in the worst way

Yo, the holy script from Genesis 1-26

says, "Let us make man in our image under our likeness"

First of all who's THEY? You see if God

was truly a single entity that's not what he would say

We as the Elohim, Gods and Goddesses

posess a marvelously monsterous subconscious

Lifeforms that speak, in very high pitched sounds and squeaks

Short staccato clicks and beeps

A highly advanced form of speech

Even though to us it seems like they only chatterin they teeth

They used to swim deep in the oceans beneath

Til they fins transformed into limbs and they started to creep

Then they evolved into mammals with feet

And walked right from the shorelines onto the beach

They used gravity, cause it's actually the only force around

that could slow time and the speed of light down

The energy grid network, opened the gateway from Earth

to any point in the universe

Livin organisms and various, geomagnetic gravitational, anomaly areas

Space expedition teams in the lunar regions reported seein, decapyramids and tetrahedrons Liquid filled shoes, is what they used to walk across the moon without leavin a clue of where they been for the past twenty-three billion years Before life on the surface even appeared I hope you become aware what I'm spittin in your ear was intended to stimulate your left-brain's hemisphere I know it sounds weird, all these motherfuckin answers and questions to the grand deception
