

# Canibus, The Type That

(Canibus)

Yeah, yeah, yeah, uh  
You know it's all terrific  
You know it's

(Canibus)

Yo  
I just want to see you pump ya'll fist  
I don't want to hear ya'll talk no shit  
I just want to get on stage and show the gift  
Show the gift

(Canibus)

I'm the type of nigga that'll click-click ride with ya  
The type of nigga that'll smoke that lah with ya  
The type of nigga that'll bust that nine at ya  
Spit that line at ya, kick that fire

(Canibus)

Yo,  
Ayo  
What up god? No luck? Aww  
You can't sell crack on the block no more  
Cause I pulled up, parked, rolled up, sparked  
Dogs bark. Oh shit! Narcs!  
I Jackie Chan up the wall and sit in the dark  
Or go running for a jog while I spit in the park  
My jigsaw still hard, the metaphors remain sharp  
Give you sharp pains through your brain if you slang-box  
Me and you in the sandbox with our hands locked  
Get the same shit your man with the broken hand got  
I bang glock, I've been hot  
Cock bang Mi Ling from Bangkok for ten baht  
My broad with the fat ass can sit up front  
Your broad that look like trash can sit in the trunk  
I'm gonna fuck til I break off chunks  
Break off a big chunk of skunk and take off with a blunt  
Hit the studio, sometimes I work all day  
Still change my voice-box oil every 3k  
Step to the stage, throw a sign to the DeeJay  
Everybody screaming out, Do what the weed say!

I'm the type of nigga that'll click-click ride with ya  
The type of nigga that'll smoke that lah with ya  
The type of nigga that'll bust that nine at ya  
Spit that line at ya, kick that fire  
The type of nigga that'll set up shop with ya  
The type of nigga that'll pace the block with ya  
The type of nigga that'll pass the glock to ya  
Stash the rock for ya, nigga I got ya

(Canibus)

This is

(Canibus)

The glock-nine and the double-action forty-five  
Bend your mental  
From the beginning to the end is connected to the beginning like infinity symbols  
I keep it simple, don't want to offend you  
Cause niggas don't understand what they ain't into  
Misunderstanding is still a form of understanding  
But ya'll niggas don't hear me though
