

Canibus, Watch Who U Beef Wit (Original)

(Canibus)

Yo

You better watch who you beef with
You might be walking down the street then, suddenly you hear tire screeching
Niggas'll be hoping with heat and
Throw you in the car-seat and leave your lady standing there screaming
The whole weekend, you get blindfolded and beaten
Nose-bleeding, gasping for air, wheezing
You got kidnapped and you don't even know the reason
We even called your fans for ransom, they said, keep him'
Watch who you beef with

(Canibus)

Yeah

It ain't no secret
Talking that street shit'll get you in some deep shit
See niggas know who you be with, where you be at
When you'll be gone, when you'll be back
All of my niggas got doctor degrees in thuganometry
We all know how to hold the heat properly
And how to conduct armed-robbery for personal property
And could go without food or water for twenty-four hours, at least
We fugitives, who ain't doing a bid
And shoot to live, even if it means leaving you for dead
Cause niggas like you get scared, look for loopholes
Pick the phone up and dial nine, uno, uno
What happened to them cruel niggas that you talk about?
Them cruel niggas that you never walk without?
I know what happened, y'all heard about the double action
Portable gatling, and y'all don't want get blasted

(Canibus)

Ey yo

We run up in radio stations on some unannounced shit
Catch the DJ off guard and round-house him
Duck tape his mouth then, put a pound to his gut
And force him to play five cuts off the up-and-coming album
Just the way I planned it, niggas'll start to panic
Brains get hijacked like planes'll crash landing
Bitch niggas pray to the Lord
The black box that was supposed to record, the pilot's voice got destroyed
So watch who you beef with, and watch who you suck your teeth at
It'll probably be something you regret
You'll get wet with horizontal rain droplets
Miniature rockets, coming out barrels of metal objects
Niggas get shot in the face, on the ground shaking like Tectonic plates
That cause earthquakes
Now you got your grill in the ground, how that dirt taste?

You shouldn't have started this shit in the first place

(Canibus)

Cause niggas is coming to get you, ready to rip you
With intercontinental ballistic-missiles and pistols
Put a red dot on your head like you Hindu
Then put a hole in you big enough to put my open fist through
We can verbally diss you, or we can get physical
Whatever niggas want to do, we can do it too
Cause you a sinner, I'm a sinner, we all sinners
We've robbed niggas for they presents at they Bar Mitzvahs
We've robbed niggas for they body organs
And sold them to the highest bidders, things like hearts and livers
One and a half million in cash when it's delivered
Then go to Yom Kippur and beg for God to forgive us
See you the type that, finds violence real frightening
And holds your crucifix tighter when shells is firing
Sitting by your bed perspiring, trying to crawl underneath it
You need to watch who you beef with

(Canibus)
