

Canned Heat, 2000 Reasons (Y2K Blues)

I got 2000 reasons, 2000 reasons to sing the Blues
I got 2000 reasons, 2000 reasons to sing the Blues
Yes, there's big changes comin'
People, what we gonna do?

If the lights go out and the planes fall from the sky
If the lights go out and the planes fall from the sky
Got me so worried, hang my head down and cry

--- Harmonica Solo --

If it gets really bad, like they say it will
If it gets really bad, like they say it will
Hope you've got extra water and your stomach is filled

--- Guitar Solo --

I got 2000 reasons, 2000 reasons to sing the Blues
I got 2000 reasons, 2000 reasons to sing the Blues
Yeah, this Y2K is comin'
People, what we gonna do?
