

# Canned Heat, Can I Come Home?

Baby, can I please come home?  
Baby, can I please come home?  
I can work it out baby, didn't wanna do you no harm

First you hurt me, baby, then I gotta get hurt you  
Oh yes, you hurt me, then baby, I gotta hurt you  
Gotta see in my face, little girl my love is true

--- Guitar Solo ---

Listen to me baby, hear the words I say  
Oh, won't you listen to me baby, hear the words I say  
I need your love baby, more than night and day

--- Guitar Solo ---

Baby, can I please come home?  
Baby, can I please come home?  
Yes, you know I love you baby, I will never do you wrong!

--- Guitar Solo to fade ---
