

Canned Heat, Im So Tired

I'm so tired of bein' broke all the time
I'm so tired of bein' broke all the time
Things don't get much better for me, people
I will surely lose my mind

I work all day, I work all night
I reach deep into my pocket, somethin' just ain't right
I'm so tired, Lord, of bein' broke all the time
Things don't get a little better, people
I will surely lose my mind

--- Harmonica Solo ---

Someday, baby, I hope you realize
How much I need you little girl, love you the rest of my life
I'm so tired, Lord, of bein' broke all the time
If things don't get a little better, people
God, I know I'm gonna lose my mind

--- Harmonica Solo to fade ---
