

Cannibal Corpse, Ecstasy In Decay

[Music - P. O'Brien, Lyrics - P.Mazurkiewicz]

Immense oceans of gore, rivers of pus, mountains of bones
Rapture, fester in filth, abnormal wealth, immersed in a world of decadence
Ecstasy in decay, engrossed in deterioration
Penchant for extreme ordure &?>
Pervading of viscera
Rejoice in grisly disgust
Exorbitant reality
One thousand years of compiled waste, frenzy in muck intoxicates &?>
Ecstasy in decay, engrossed in deterioration
Penchant for extreme ordure
Pervading of viscera
Rejoice in grisly disgust
Exuberant castigation
Wading in bile, soaking in guts, ancient inards

Immense oceans of gore, rivers of pus, mountains of bones
Rapture, fester in filth, abnormal wealth immersed in a world of decadence
Mind altered, eternally fetid cadaverous empire
Squelched domain
Swamped ruins, dismal necrotic incarnate metropolis
Lost dwelling
Exorbitant reality
Obfuscated ossuary
One thousand years of compiled waste, frenzy in muck intoxicates
