

Cannibal Corpse, Evidence In The Furnace

Stab the knife into the face and then wrench the blade inside
Murder this piece of shit
Scraps of flesh and severed bone are on the floor, these I must hide

Pounding the teeth
Comminute bones
They never will know

Chop up the corpse
Concealing my crime
They never will find
Evidence in the furnace

Secret cremation
You fucked with me and now any trace of you is completely gone

Charring the flesh
The body is ash
They never will know

Burning the corpse
Consumed by the flames
They never will find
Evidence in the furnace

You cease to exist
Investigations fail to find single useful clue
Their search is futile

Proof is destroyed in the searing heat, you melt away
No body, no case
There is no trace

Smoldering coals that once were yur bones turn to ash
Your life is erased
There is no trace

You cease to exist but the search will go on, they cannot find
Their closure denied
Dead or alive

You're not the first and you won't be the last
To burn in my fires
Corpses will burn
Burn in my fires
Your corpse will burn

Burn in my fires
Corpses will burn
Burn in my fires
Your corpse will burn

[Solo - Barrett]

Charring the flesh
The body is ash
They never will know

Burning the corpse
Consumed by the flames
They never will find
Evidence in the furnace
