

# Cannibal Corpse, Exorcist

Possessed By Evil Force

Satan's Wrath will kill

He will take your soul

Cast you to hell

Demons dog domain

Keeping me insane

Evil curse my soul

Burning away

Satan's hell will burn

Terrored cries are heard

Ever lasting eternity

Warriors of hell

Unleashed men of sin

Hatred hell within

Sinners hate will die

The exorcist

I can see the light

I don't want to burn

Help me save my soul

Let me live

Your curse is not my fear

Demons within me hear

I will escape your wrath

666

This is not my way

Doom, sorrow for eternity

Lights shine below in hell

Forever burning

Words of insanity scream out

The final plea

Evil voices scream out

Help me

Demons in my body gone

Sicken thoughts left beyond

Haunted by evil memories

Nightmares and sin

My mind is burnt and black

Shadowed no way back

Fear of living in hell

Axed my mind

Memories held within

Satan's gone in sin

Grasping to relieve the pain

Scared for life

Exorcism takes control

Beneath my body help my soul

Save my soul from evil hell

Your spell is lost
