## Cannibal Corpse, Pit Of Zombies

Captured by the priest of evil Deep inside the hive Hellish dungeon filled with undead Their rotting claws reaching for my Legs i hang above the ghouls I know they want me for their food Overwhelmed by deadly fear Hung above the zombie lair

Hanging by a thread above them
Taken here to die
Rotting hands reaching for me
Their undead eyes see me as a meal
They want to eat alive
Mindless hunger in their eyes
Filthy claws grasp at my feet
Slashing wounds my ankles bleed

Pit of zombies
Chasm teeming with undead
Death is grisly
Lowered slightly now they reach me
I scream in frantic pain
Tearing off my feet with fury
The pain intense below my knees my
Legs have been removed
They suck the blood from the wounds
Voracious zombies rend my thighs
They pull me down, my corpse they
Will divide

Pit of zombies
Chasm teeming with undead
Their jaws await me
A gruesome end the
Pit of zombies
Reanimated to devour
I watch them kill me

They claw at my face
And rip off my scalp
Exposing my skull
Arteries severed
Gushing blood showers them drives
Them mad raging mob
A hideous feast

Puncture my stomach and Tear out the guts Devour entrails Rotting zombies have torn me apart They gorge on my flesh

Engulfed Consumed This pit My doom

Engulfed alive Consumed by death This pit of zombies My doom is here
