## Cannibal Corpse, Savage Butchery

Striking out with rage I pound him, stomp him Cocksucking bastard don't feel mercy for him With bare hands I break his legs, break his neck Now my jagged blade will bring him to his death

Savage killer merciless machine Butchering victims and watching them bleed Savage killer chopping off limbs Butchering for revenge, heartless assassin

Now the cutting starts I stab him, slash him Less than a minute he becomes a victim Now I will sever his legs, his neck Hated enemy his body i dissect Savage

Savage Butchery Ravage Ruthlessly

Veins spray blood it splashes in my eyes Impulse of my rage will dictate how he dies Chopped up while alive or killed with the first strike What's left of his life is dripping from my knife
