

Cannons, Lightning

You call my name
From a million miles away
I run to you like lightning from the rain

You lose it all
Will you guide me like the stars
You lead the way
And I'll follow the beat of your heart

'Cause you are the only thing I've ever gotten right
Nothing comes close, you're the only one I'm letting inside
'Cause you are the only thing I've ever gotten right
Nothing comes close, you're the only one I need in this life

And all I know
Heaven. It's in your eyes
It feels like home
Somewhere I'm not alone

I'd be lying, if I said I didn't need you now
Because I do, I do, I do, I do

'Cause you are the only thing I've ever gotten right
Nothing comes close, you're the only one I'm letting inside
'Cause you are the only thing I've ever gotten right
Nothing comes close, you're the only one I need in this life

Nothing comes close
You're the only one I need in this life
