

# Cansei De Ser Sexy, Off The Hook

Why is that we stand so still?  
People gonna start thinking we're statues  
This silence is disturbing me - people talk but I can't hear

I'm off the hook  
Off the hook  
I think I'm off the hook, baby  
Off the hook

Let's find us both a place to sit  
The more I talk the more my bones get heavy  
This silence is disturbing me - don't they know I can't read lips?

I'm off the hook  
Off the hook  
I think I'm off the hook, baby  
Off the hook  
Off the hook

Yeah, you were right this is really fun  
I never got this dumb before

Off the hook  
Off the hook  
I think I'm off the hook, baby  
Off the hook

Why is that we stand so still?  
People gonna start thinking we're statues  
This silence is disturbing me - people talk but I can't hear  
I'm off the hook
