

Cantatonia, Is Everybody Here On Drugs?

She takes her happy pills
They keep her happy
Is everybody here on drugs?

Mad cows like bumblebees
With chemistry degrees
Is everybody here on drugs?

Here on drugs, here on drugs?

The Uberlords they'll stop the flow
No snow, no show, bad scene
The Uberlords, when they see fit
Will give our lives new meaning

Spin doctor, aim for free
Lest we speak honestly
Is everybody here on drugs?

Here on drugs, here on drugs?

The Uberlords they'll stop the flow
No snow, no show, bad scene
Uppers, downers, they don't hang around us
Will give our lives no meaning

No meaning, no meaning
No meaning, no meaning

Don't need your poison, me
I'll take the melancholy
And everybody here's on...

Uberlords they stop the flow
No snow, no show, bad scene
Uppers, downers, they don't hang around us
They'll give our lives no meaning

New meaning, a meaning
No meaning, no meaning
