

# Cantatonia, Londinium

London never sleeps  
It just sucks...  
...the life out of me  
And the money from my pocket

London always creeps  
Showbiz hugs...  
...the life out of me  
Have some dignity, honey

Oh, Euston, Paddington  
Train station please  
Make the red lights turn green  
Endlessly

My black cab rolls through  
The neon disease  
Endlessly, endlessly

London never sleeps  
It just sucks...  
...the life out of me  
Show some dignity honey

Sushi bars, wet fish  
It just sucks...  
...the life out of me  
And the money from my pocket

Oh, Euston, Paddington  
Train station please  
Make the red lights turn green

Endlessly

My black cab rolls through  
The neon disease  
Endlessly, endlessly

I come alive  
Outside the M25  
I won't drink the poison Thames  
I'll chase the sun out west

Euston, Paddington  
Train station please  
Make the red lights turn green  
Endlessly

My black cab rolls through  
The neon disease  
Endlessly, endlessly

I come alive  
I come alive

Euston, Paddington  
Train station please  
Make the red lights turn green  
Endlessly

My black cab rolls through  
The neon disease

Endlessly, endlessly
