

Cantatonia, Londinium

London never sleeps
It just sucks...
...the life out of me
And the money from my pocket

London always creeps
Showbiz hugs...
...the life out of me
Have some dignity, honey

Oh, Euston, Paddington
Train station please
Make the red lights turn green
Endlessly

My black cab rolls through
The neon disease
Endlessly, endlessly

London never sleeps
It just sucks...
...the life out of me
Show some dignity honey

Sushi bars, wet fish
It just sucks...
...the life out of me
And the money from my pocket

Oh, Euston, Paddington
Train station please
Make the red lights turn green

Endlessly

My black cab rolls through
The neon disease
Endlessly, endlessly

I come alive
Outside the M25
I won't drink the poison Thames
I'll chase the sun out west

Euston, Paddington
Train station please
Make the red lights turn green
Endlessly

My black cab rolls through
The neon disease
Endlessly, endlessly

I come alive
I come alive

Euston, Paddington
Train station please
Make the red lights turn green
Endlessly

My black cab rolls through
The neon disease

Endlessly, endlessly
