

Cantatonia, No Stone Unturned

No stone unturned
Your sperm is stoned
Lifeless and drowned
Liquid desire

Casual at best
Show disinterest
To routine bound
Partially dressed

I did not leave the sinking ship
The sinking ship left me - ee

Spring's light is kind
Your looks went blind
She kept the child
And in nine months time

Slow dance makes time
Take as you find
Awkward and drowned

Liquid desire

I did not leave the sinking ship
The sinking ship left me

A lone contender, who can never win,
And I see you
Uncharted waters, where I now belong,
But I'll grow strong

I did not leave the sinking ship
The sinking ship left me - ee

No stone unturned
Your sperm is stoned
Lifeless and still
Liquid desire

I did not leave the sinking ship
The sinking ship left me - ee
