

Canterra, A Lifetime

Another day goes by, but life sleeps like a child
Dreaming endless nightmares in endless nights
How much of our time is life?
When all we do is fight and run
We run tonight we run tonight
We run towards the day we die

Live for a lifetime - Not for a life sign
Just for on moment we are - We are unbreakable
Live for a lifetime - Not for a life sign
Just for tonight we are - We are unbreakable

Another life is gone, and I can't sleep at night
And all that's driving me will end in endless nights
Where is home? Another day goes by
And all we do is fight and run
We run towards the day we die

Live for a lifetime - Not for a life sign
Just for on moment we are - We are unbreakable
Live for a lifetime - Not for a life sign
Tonight we are - We are unbreakable

Live for a lifetime - Not for a life sign
Just for on moment we are - We are unbreakable
Live for a lifetime - Not for a life sign
Tonight we are - We are unbreakable
