

# Capone, Chitty Chitty Bang Bang

(Intro: Raekwon)

Yo 'Pone what up?  
It's Shallah, you know I came to see you, boy  
Boy-boy, the Vatican  
Pain, Time, Roc 4 lid-Life (Nigga)  
Gorilla shit, what up?

(Chorus 2X: Capone)

Chitty chitty bang bang  
I'm on my grizzly for shizzy  
I pop that clizzy, let your muthafuckin' brains hang  
Chitty chitty bang bang  
Yo, where that 50, who is he?  
Actin' dizzy, nigga, watch me do my thang thang

(Capone)

Will I die before 50, tried to get my palms read  
I'm dead through the eyes of a gypsy, bloodshed  
Survivors move wise through the city  
Word to mother, only a few alive off of pity  
High ride, and a five palm clutched on a blinky  
Other hand, pull up another dutch that I twizzy  
Soaking a C.I., slow look out in the street  
Few goons, singing the same tune walkers on the beat  
Little niggaz that's try'nna put Jordans on they feet  
O.G.'s that's try'nna get to Portland, where's it's cheap  
I move with that Indian hustle in me  
That fat cat, that world, that black jaded Bentley  
Got bucks, but I'mma try'nna get "moore" like Demi  
Time's up, don't even try to duck the semi'  
Only cowards deal with lust and envy, greed and hate  
Chitty chitty bang bang, I blast niggaz who fake

(Chorus 2X)

(Raekwon)

We hold fort, blowing holes in pussies  
Come through the town and it's on  
Watch me get the globe with crushed weeds  
All my got it together, back the baddest bitches  
All my flowing with Jags, and got the rags stitching  
Play it for them niggaz in yards, the Gods come through in the nod  
She's reading the Korans, the Clarksmiths  
Can't tell me nothing from nothing  
Touch a hair on me, and press a button  
Might throw you out of a lady jumping  
Yeah, we Niked up, piped up  
Representing ninety generals at one time, looking striped up  
Dinner plates, nothing but salmons and handlers y'all  
Interstate, nothing but cameras and scanners, y'all  
So when you see us, just believe us  
Extraordinary young men, walk through the town, fuck all the divas  
Me and 'Pone, twin gambinos, out in Rio  
With them big elephant guns, and fly 'Zito's

(Chorus 2X)
