Me and my car got a bomb like we .. keep
Go with the 5'th , go with the 4'rth
Break it back down to third ,
Break it back up to 6'xth once around this curve
I feel the tension , not to mention ,
The intervention from the coppers
We got pay bills , pay the ticket, only flex , that ain't gonna' stop us !!!
Do look sure from the posh or red line
Once I'm crossed the finish you know that I's bad time
What more can I say , I'm true to this
My car's got a computer chip with no speed the way It's loosin' it !!
I need speed !
When I fly through the hood, the ... the mood
In 24's lookin good, ah ah !!
Don't want the keys !!

Cuz' I don't obey when red say stop and green say go
I fly by through your ghetto in the UFO
Unidentified Foreign Object
you can't believe that Aston Martin is barelin' your projects
No matter what happenin' , It's elementry watchin'
Cuz after you bench you might not beat that tricked out ..
Can't lose the battle when ur' whole clicked out watch
And my car comes equipped with smoke screen and spit out rackets
Just rub your engines, pop the clutch, burn out ,

I'll show you how a real race turned out ..

In 24's lookin good, ah ah !!
Don't want the keys !!
