

Cappella, Can You Feel It Baby

Oh oh oh oh, oh oh oh oh, oh oh oh oh ohooooooooo
Oh oh oh oh, oh oh oh oh, oh oh oh oh ohooooooooo

Baby when you move your body
I feel it all over, all over

I'm so glad boy that you are next to me
No-one else can make it right
Make it right, make it right, make it right , make it right
Again again again again

Can you feel it baby
Can you feel it baby
Can you feel it baby, feel the juice
Can you feel it baby
Can you feel it baby
Can you feel it baby, feel the juice
