

# Cappella, Can You Feel It Baby

Oh oh oh oh, oh oh oh oh, oh oh oh oh ohoooooo  
Oh oh oh oh, oh oh oh oh, oh oh oh oh ohoooooo

Baby when you move your body  
I feel it all over, all over

I'm so glad boy that you are next to me  
No-one else can make it right  
Make it right, make it right, make it right , make it right  
Again again again again

Can you feel it baby  
Can you feel it baby  
Can you feel it baby, feel the juice  
Can you feel it baby  
Can you feel it baby  
Can you feel it baby, feel the juice
