

Cappella, I Don't Need Another You

I don't need another you
I don't need another you

Fly away forever
Or fly away from you
Fly away forever
Or fly away from you
Fly away forever
Fly away forever

Fly away forever

I don't need another you
I don't need another you oho
I don't need another you
I don't need another you oho
I don't need another you
