

Caprice, There Goes Your Heart

There goes your heart
No turning back
You want me more and more
And that's a fact
One night of love
And then you'll see
That you belong to me

Good loves hard to find
And I never let it pass me by
Cause when I saw you
I knew right then that I would make you mine, make you mine
There's no use in fighting the feeling
I won't take no for an answer
Boy I'm going to get you
And I'll prove it to you tonight

Chorus:
There goes your heart
No turning back
You want me more and more
And that's a fact
One night of love
And then you'll see
That you belong to me
Right from the start you won't resist
I bet you never thought it would come to this
I'll light your fire in the dark
There goes your heart

Baby, its plain to see
Your with her and soon it will be me
Cause in no time she'll go down in history, shes history
Don't try to hide those emotions
We'll only wind up together
The one night I had is over
You'll surrender to me

Chorus

I see you with another
You tell me you love
Soon you'll forget her
You'll leave her far behind
Cause I'm gonna get your love
And I'll prove it to you tonight

Chorus

There goes you heart
No turning back
