Black ants crawlin'
Yella ants dreamin'
Brown ants longin'

Uhuru ant man bee uhuru ant man bee
All the ants in God's garden they can't get along
War still runnin' on
It's that one lump uh sugar
That they won't leave each other 'lone
Why do yuh have t' do this
You've got t' let us free
Why do yuh have t' do this
You've got t' set us free
Why do yuh have t' do this
You've got t' set us free
Why do yuh have t' do this
You've got t' set us free
Uhuru ant man bee uhuru ant man bee
Now the bee takes his honey Then he sets the flower free
But in God's garden only
Man 'n the ants
They won't set each other be
