

Caravan, Sally Don't Change It

Now why do you have to stand there on your own ?
I just can't bear to see you so alone
You want to grab the spotlight, can't you see ?
For me, the moon is up and bright lights it will always be

Sally my love, don't change it
You don't need to prove you're a star
Sally don't rearrange it
Cos I like it the way we are

I'm so afraid I might forget my lines
I always say the wrong things all the time
But if I had the words, I'd cry out loud
Oh, Sal, we don't need a writer, what we've got is all our power

Sally my love, don't change it
You don't need to prove you're a star
Sally don't rearrange it
Cos I like it the way we are

Sally you're a winner
Always been a dreamer
Sally you can be a star
Sally can't you hear me ?
Won't you please believe me ?
Sally that's the way you are

You say it will be all right on the night
Why worry? We can fix it with the lights
And if we fall ascending every -----
To ----- I'll live my life this way

Sally my love, don't change it
You don't need to prove you're a star
Sally don't rearrange it
Cos I like it the way we are
