

Caravan, Stuck In A Hole

I've seen days where there's always sunshine
I've stood days in the pouring rain
I fall over myself and sometimes
I get back on my feet again

So you got me all wrong
Cause I can see what you mean a lot more than you know
You got me all wrong
And I can see you're just stuck in a hole - stuck in a hole

Don't ask when you know what I said
You can't do nothing wrong from right
If you come sleeping and passing my way
We'll go lazing around tonight

Don't get me all wrong
Cause you can't see what I mean a lot more than you know
Don't get me all wrong
Cause you and me, we'll be stuck in a hole - stuck in a hole
