Tell Me lyrics

Send "Tell Me" Ringtone to your Cell

We've been through so much together

We've been friends for so long now

Never worried about the weather

Always made it through somehow

Now there's clouds on my horizon

And it's starting to feel like rain (Feel like rain)

Now I hope you're realizing

I want you back again

Chorus:

So tell me

Are we gonna talk about it

Are we gonna still be friends

Tell me

You don't ever have to doubt it

This doesn't have to be the end

Tell me

(Tell me, tell me, tell me)

Don't believe the words they're saying

When people talk behind my back

I'm the one who's always staying

True to you and that's a fact

Now there's clouds on my horizon

And it's starting to feel like rain

Now I hope you're realizing

I want you back again

So tell me

Are we gonna talk about it

Are we gonna still be friends

Tell me

You don't ever have to doubt it

This doesn't have to be the end

Best friends don't let these things get in

In the way

Best friends don't always have to search for things to say
