

# Cardi B, On Fleek

[Chorus]

I pull up like "What's up?", everything on fleek  
I do it nice, seven days a week  
Like oh my, oh my, oh my God  
I don't do nothing for free you know I got to charge  
When I'm done, they be like you better  
You better, you better, you better, you better  
When that check come I be like  
You better, you better, you better, you better

[Verse 1]

I'm Cardi, exotic, my ice retarded  
I walk in, the party get started  
Murder scene, he want all this  
Your bitch I demolish, on fleek is what you call it  
This not a game, fuck is you saying?  
Bullshit is something I don't entertain  
Come correct if you gon' call out my name  
Not talking money, I'm switching these lanes like swerve  
Now watch me, now watch me, swag surf  
Boy, you better respect the curve  
I'm on my bullshit, fuck what you heard  
Oh, you ain't know? Well you gon' learn

[Chorus]

I pull up like "What's up?", everything on fleek  
I do it nice, seven days a week  
Like oh my, oh my, oh my God  
I don't do nothing for free you know I got to charge  
When I'm done, they be like you better  
You better, you better, you better, you better  
When that check come I be like  
You better, you better, you better, you better

[Verse 2]

Fleek, the definition of me  
I keep it in check, papi  
I am a whole different breed  
I'm Cardi, capisce  
Them other ones can't compete  
I make bitches wanna retreat  
I go to the desert for weeks  
When I come back I come back with heat  
Now they be all up in my DM  
Tryna get Cardi B to PM  
I swear to God I don't see 'em  
I'm high up in the hills like The Weeknd

[Chorus]

I pull up like "What's up?", everything on fleek  
I do it nice, seven days a week  
Like oh my, oh my, oh my God  
I don't do nothing for free you know I got to charge  
When I'm done, they be like you better  
You better, you better, you better, you better  
When that check come I be like  
You better, you better, you better, you better
