Come over here honey.

Get on your knees for daddy.

Aww yeah.

You know you like it.

Now turn around.

Im feeling horny in my dreams yeah I want to get laid. I want a girl to make me come, not to be hard.

I close my eyes, fantasies going through my mind. I see you naked on the bed, wanting me from behind.

I m getting closer I m ready for the doggy style. But then you turn around, suck your lips and smile.

Uhh, You swallow just the way I like it, honey.

You better be careful now or daddy might come. Turn around baby lets change roles for a minute.

Uhh I like it, now tell me honey who is the man. Who got the power to take your ass to wonderland?

This is the beginning but I want to take you far. Forget reality and let me be your porn star.
