

Carl Belew, Before I Go To Bed

I always dress my very best before I go to bed

I'm dressing up to go to bed just like I always do
Cause I might see you in my dreams and I look nice to you
I hope you like the tie I own I remembered you like red
I always dress my very best before I go to bed

What I'm doing may sound funny but I wouldn't laugh if I could
Cause if I lose you in my dreams you'll be gone for good
So until I hold you in my arms and say what should be said
I always dress my very best before I go to bed
(ac.guitar)
So until I hold you...
I always dress my very best before I go to bed
