

Carl Belew, Little Miss Heartache

You got a reputation goin' all over town
For buildin' up a love affair so you can't tear it down
The hearts you've stepped on one by one are prices that you'd pay
But still I'm so in love with you my little Miss Heartache

Little Miss Heartache they call you and I know it's true
Little Miss Heartache you're lovely in your shades of blue
The hearts you've stepped on...

(guitar)

Someday I know you'll fall for someone I hope it's me
And all the other loves you've known are just a memory
A world that's filled with happiness is here for you to stay
Please let me be the next in line I love you Miss Heartache
Little Miss Heartache...
