

Carl Belew, Love's Been Good To Me

I'd never known a heartache since the first day that we met
They said them blues would come around someday you forget
I can't recall the simul time I've wanted to be free
Yes I'm still yours you're still mine love's been good to me

God was so good to me that gave me you
But how could I feel different when you've been so true
I can't recall...
(guitar)
God was so good...
