

Carl Belew, Three Cheers For The Red White An

Three cheers for the red white and blue
A dozen long stem roses the white gown look good on you
You see me at your wedding I was there and I was blue
Three cheers for the red white and blue

The warm red lips I used to kiss your eyes of blue I'll always miss
The dress you wear so white and new three cheers for the red white and blue
Three cheers for the red...

I hope your world stays rosy red the sky is blue above your head
Clouds of white I wish for you three cheers for the red white and blue
Three cheers for the red...
