

Carl Cartee, Be My Light

Jesus, won't you be my light
Won't you let the glow of heaven shine down upon my life
Jesus, won't you be my light
Won't you let the glow of heaven shine down on my life

When it's dark and I cannot find my way
Won't you be my light
When it's dark and I cannot find my way
Won't you be my light

I don't want to shine for nobody but you
Won't you be my light
I don't want to shine for nobody but you
Won't you be my light

Come and let your light shine down from heaven Lord
Let it shine on me
Come and let your light shine down from heaven Lord
Set your people free
For so long we've wondered in the darkness Lord
Lost in the night
Come and set us free by your sight
Make us children of the light
