

Carl Cartee, This Song

This song is only for the Savior
These instruments sounding only for his praise
We dance in joyful celebration
For Christ is risen from the grave

Let every tongue that can
Proclaim the name of Jesus Christ
Let us raise our hands to worship and to signify
That Christ alone is worthy
That Christ alone is king
That Christ alone is Lord of everything

Who here could ever speak the words that brought creation forth
Does anyone have power to keep the planets on their course
He set the earth in motion
Built up the mountains high
Put breath in every living thing, that's why this song (chorus)
