Carl Wilson, She's Mine

Don't ask her she's mine Just 'cause she acts like she might Don't ask her she's mine She would be yours for tonight Don't ask her she's mine She would do anything to get to me Don't ask her she's mine She'll tell you different but she ain't free The girl can't help it if she can't be true This situation's gettin' lewd She tries my patience every once in a while 'Cause she knows that I like her style Don't ask her she's mine Let me supply all the love she needs Don't ask her-she'll Give you my lovin' but she won't ever leave me
