

# Carlene Carter, Come Here You

(Carlene Carter)

Well all the boys are talkin' 'bout your brand new car  
Drivin' the girls crazy like a movie star  
They say it's shiny black and really sexy  
Baby don't you know by now that stuff don't impress me  
I don't need four in the floor, three little words will do  
If you wanna get next to me, well, "Come here you"  
Come here you  
Hey, you can come on over here  
Come here you  
I'm ready, willing and able my dear  
Come here you  
Well, who do you think I'm talkin' to  
Come here you  
Well a girl like me needs verbal stimulation  
When we're down to the final negotiations  
I'm not puttin' on airs, I'm just tellin' it straight  
I feel an urgent need for us to incorporate  
Don't need Kreskin here to tell us just what we're gonna do  
Hey, pay attention boy, I'm talkin' to you  
Now, come here you, I love to watch ya walk that walk  
Come here you, I love to hear you talk that talk  
Come here you, do everything I tell you to  
Now come here you  
I must admit at times I may be overzealous  
But I've been tryin' out some things mothers never tell us  
Girls I'm here to testify to each and every one of you  
Every sin that's been committed, your little mamma did it too  
Oh! I'm sorry little darlin', look how you drive me to distraction  
Now let's get back down to business, how's about a little action  
Now come here you  
Hey, you come on over here  
Come here you, tell me what's a girl gotta do  
Come here you, I love to watch you walk that walk  
Come here you, I love to hear you talk that talk  
Come here you, do everything I tell you to
